POWER COST ADJUSTMENT CLAUSE

The above rates shall be adjusted in accordance with Schedule PCA.

CONDITIONS OF SERVICE

- A. In general, motors having a rated capacity in excess of ten horsepower (10 HP) must be three-phase.
- B. In those cases where it is necessary to extend or reinforce distribution lines, service will be furnished only under the following conditions:
 - 1. The consumer shall give satisfactory assurance supported by a written agreement as to the character, amount, and duration of the business offered, which shall be at least five (5) years.
 - 2. The consumer shall guarantee a minimum annual revenue of not less than 18% of the estimated additional investment required to extend service, which shall include the additional cost of meters, transformers and any additions to our alterations of lines and equipment necessary to make service available.

CONTROL EQUIPMENT

All electrical and mechanical equipment employed to prohibit on-peak usage under this rate shall be approved by the Cooperative, shall be installed by a licensed electrician or contractor, and shall remain the property of Aiken Electric Cooperative, Inc. The consumer must agree to incur any and all costs associated with the purchase and installation of said equipment. Equipment employed under this rate shall be subject to periodic inspection by Cooperative personnel to insure its proper and continuous functioning.

POWER FACTOR

The consumer agrees to maintain unity power factor as nearly as practicable. The horsepower for billing purposes may be adjusted to correct for average power factors lower than 85%, if and when the Cooperative deems necessary. Such adjustment will be made by increasing the horsepower.

1% for each 1% by which the average power factor is less than 85% lagging.

TERMS OF PAYMENT

The above rates are net. Bills are due when rendered and past due if not paid within 20 days of the billing date.
